THESIS.

INSTITUTE FOR PREPARATION OF IIT-
JEE, MEDICAL AND FOUNDATION COURSES.

UP TO

90 %

Short Term Courses

- * Class 10 – 3 Months
- * Class 12 – 3 Months

These courses focus on backing up your knowledge with the relevant skills. Crash courses allow students to study smart and fast which are exactly what students need help in. ... As long students are determined to take on an intensive training course to improve their results, crash courses are definitely useful.

Foundation Course (Phy, Chem, Bio, Maths) for Class 9 & 10.
Foundation Course for JEE/NEET/Olympiad/NTSE
Preparation from class 9 doesn't mean that you will study books that are of IIT level. With IIT coaching for class 9 and above, the aim is to provide the foundation level course to you meticulously so that the steps to IIT get easier for you.

Foundation Courses For Class IX & X

IIT-JEE & Medical Preparation

Start early. Typically, students prepare for 2 years – parallel to their 11th and 12th standard. So, you should aim for starting your JEE preparation no later than the commencement of your class 11th course.

- * 1 Year Classroom Course (12)
- * 2 Year Classroom Course (11)
